CAIC Mission Statement

The Chicago Area Immunization Campaign is a diverse, community-focused coalition of public and private partners whose goal is to improve the health of children, adolescents, and adults by increasing immunization rates among each group in the Chicagoland area.

Objectives:

- Identifying and removing barriers to immunization services;
- Identifying strategies to eliminate racial disparities;
- Educating families, health care providers and community members about the importance of timely immunizations and changes in the immunization schedule.
- Raising awareness among policymakers and fostering effective public policies; and
- Coordinating services and sharing information among CAIC members.

CAIC would like to thank the UIC School of Public Health for hosting the Spring 2008 General Meeting
