

“Why Should I-CARE?”

Webinar

Join us for an overview of the Illinois Comprehensive Automated Registry Exchange's (I-CARE) benefits and features as well as testimony about the importance of Immunization Registries by a Pediatrician I-CARE Champion.

What Can I-CARE Do For You?

- Provide a centralized place to track infant immunization histories
- Find new patient information quickly and efficiently
- Generate immunization reminder/recall notices on-demand
- Instantly produce school physicals and immunization reports and manage immunization inventories

Benefits to Your Community

- Maintain high immunization rates
- High-Risk areas of the community can be identified and action taken to prevent disease outbreaks
- Registry information is essential for reminding parents of the importance of timely vaccination

Benefits to Your Medical Practice

- Medical practices save time, money and administrative hassles with the increase accuracy of immunization delivery
- Fewer missed immunizations and reduced incidence of over immunization
- Quick access to past immunizations and vaccine inventory management
