

Illinois Coalition for School Health Centers

A project of the Illinois Maternal and Child Health Coalition

School Health Center Statewide Conference: ***Building Bridges: Healthy Minds, Bodies, Communities***

The Illinois Coalition for School Health Centers (ICSHC), a project of the Illinois Maternal and Child Health Coalition, is excited to announce our 8th Annual School Health Center Conference focused on interdisciplinary collaborations, specifically regarding mental health, in schools. This year's conference, *Building Bridges: Healthy Minds, Bodies, Communities* will be held May 14, 2010 in Springfield, Illinois at the Hilton Springfield.

ICSHC strives to improve the physical and mental health of children and adolescents in Illinois by fostering the development, stabilization and expansion of school health centers (SHCs). *Building Bridges: Healthy Minds, Bodies, Communities* explores the importance of collaboration in school health centers to address the physical and mental health needs of children and adolescents. The conference will attract a variety of professionals, from health care providers and mental health specialists, to hospital and clinic administrators that determine services at SHCs. As an exhibitor, you will have direct contact with over one hundred stakeholders in child and adolescent health from across Illinois.
